2. I notified [REDACTED] that I would have to postpone, more or less indefinitely, any plans for a trip to the IBM installation on the West Coast.

Paul is anxious to hear more about the case of Mrs. [REDACTED] and felt that somebody should write a brief memorandum outlining the history of this case and spelling out what we are supposed to do in the future.

3. Ed Saunders brought to my attention a request from DD/P to set up a Records Officer position at grade GS-16. I will ask Gordon Stewart to look into this very carefully inasmuch as I don't believe that a Records Officer should be set up at that level.

4. I advised [REDACTED] of my conversation with [REDACTED] Construction Company and asked him to go right ahead and see what he could do to expedite the work at the site and to clarify what appeared to be a difference of opinion between Public Buildings Service and [REDACTED] as to how fast he could be notified to proceed.

5. Matt Baird telephoned to say that he had talked with [REDACTED] concerning the Inspector General report on the Assessment and Evaluation Staff. He believed that further conferences between Herman and Ed would be necessary and that Herman would probably modify the report slightly. According to Matt, Ed is not in a hostile mood and is determined to resign in any case. It looks as though we will probably not get our report from the IG for several more days.

Gordon Stewart telephoned with regard to our letter to Mr. Stans, Bureau of the Budget, advising him that we intended to raise our supergrade ceiling to [REDACTED] Investigation revealed that the letter went to the Bureau in early May and that no reply has been received. I, therefore, told Gordon to assume that we would not receive an answer and to plan on the [REDACTED] ceiling.
